WEB DEVELOPMENT

web design

- Front-end Development
- Responsive Design
- UI designing

COMMUNICATIONS INTERN

Narayanganj City Corporation

This was my first official job as a computer operator where I had to survive to gain my goal. This was the place where I learned a lot of things in my life. learned how to talk as professional, learned how to provide service to citizens. learned who talk with various kinds of peoples. overall this was a challenging job for me. but enjoyed it a lot here.

EDUCATION

HSC

Haji ibrahim alom chan model school and collage | 2017 - 2018
